

What's New in **SLS**?

- **Create Courses**

Link related lessons (called sections) on the same topic and allow students to proceed on their own through this course.

- **Edit Assigned Lessons and Courses**

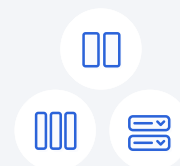

Make changes to lessons and courses that have been assigned.

Practice

Production

- **Use New Learning Templates**

Apply new learning and activity templates to meet a particular pedagogical goal.

- **Display Resources Using Columns or an Accordion**

Display content side-by-side (columns), or in a dropdown format (accordion).

- **Star Resources**

Star your favourite resources for quick access.

- **Add an Emoji**

Express yourself by choosing from a wide range of emojis.

- **Aggregate Student Responses**

Use the consolidated list of students' responses to give marks and feedback quickly.
